

# SSA-9 | SA-9 9mm Submachine Gun

SSA-9 is designed by Akdaş Arms for the use of Turkish Armed Forces and law enforcement for operations especially in residential areas. It is light, ergonomic and practical. SSA-9 has different barrel lengths and stock systems depending on the area and need of use. Picatinny rails on, top, bottom and sides of the barrel allow to use of compatible accessories. This 9x19 mm submachine gun has the blowback (recoil operated), closed and unlocked bolt that provides more stable and accurate shooting. There is also a semi-automatic model (SA-9).
